Introductions and Instructions

Twin Cities Area Transportation Authority (TCATA) is *your* public transit system. Our mission is to provide the community with public transportation services that are dependable, convenient, safe, cost effective, and *accessible for all*.

TCATA provides three transportation services: Demand Response (door- to-door), Fixed Route bus service, and a paratransit service for individuals who are unable to use the Fixed Route bus system some or all of the time (6am-10pm).

In order to determine whether you are eligible for TCATA paratransit service, we need to know if there is any part of the regular accessible bus system you cannot use due to your disability. Eligibility is not based on the disability itself, but on how it prevents you from using the regular accessible bus routes. It is possible for you to be eligible for some trips, but not others. If this is the case, you will be paratransit eligible with conditions, the conditions being the circumstances preventing your use of the accessible bus system.

ADA paratransit eligible individuals fall into one of the following definitions:

- Any individual with a disability who is unable, as the result of a physical or mental health or psychiatric disability (including a visual disability), to board, ride, or disembark from a fixed-route vehicle on TCATA.
- Any individual with a disability who needs the assistance of a wheelchair lift or other boarding assistance device and is able, with such assistance, to board, ride, or disembark from any vehicle, and one is not available on the route.
- Any individual with a disability who has a specific disability-related condition which prevents the individual from traveling to a boarding location or from a disembarking location served by the fixed-route system.

This application will help TCATA determine whether you qualify for paratransit service according to the criteria noted above. Return your completed application to: **Twin Cities Area Transportation Authority, 275 E. Wall St., Benton Harbor, MI 49022**; you will need to apply postage. Completed applications can also be **faxed** to TCATA at **269-927-2310**.

The enclosed Physician or Agency Professional Verification form asks you to designate the health care or human service professional that is most familiar with your "ability to travel." The person you designate could be a doctor, physical or occupational therapist, human service professional (such as a social worker), who is very familiar with your mobility. TCATA may contact that person to verify your mobility limitations. (3)

If approved, your certification will be for a 3-year time period. Two months prior to the end of that 3-year period, you will be notified and provided with a Certification Renewal form.

When TCATA receives your **completed** application, it will be reviewed for eligibility. You will be notified within 21days if your application is approved, approved with conditions, or denied. If your application is approved with conditions or not approved, you have the right to appeal and have an opportunity to provide additional information for reconsideration. You will receive the appeal process with your letter.

If you have any questions about this form or need it provided in a different format, please call TCATA at (269) 927-2268.

The information obtained in this certification process will only be used by TCATA for the provision of ADA complementary paratransit service. Information will only be shared with other transit providers to facilitate your travel in their operating areas, should you so desire. This information will not be provided to any other person or agency and will be kept strictly confidential.

Please be sure to complete all parts of this application; applications cannot be processed unless all questions are completed. Be sure to complete the front cover with the applicant's personal information.
