REQUEST FOR PROPOSAL COUNTY-WIDE TRANSIT SERVICE PLAN
QUESTIONS AND ANSWERS**

1. Related to “Section 3.8 Content of Proposals”: could you please clarify whether Part One and Part Two can be part of the same document/file, or whether they should be submitted as two separate documents/files?

Answer: Part One and Part Two can be part of the same document.

2. Given the pandemic and increased limitations on time in the office, would Cass County consider accepting electronic-only proposal submissions?

Answer: The Authority is requiring one hard copy of the proposal with signatures on the required forms contained in the RFP. It does not need to be fancy, in color, glossy or contain a lot of extra material.
